MEINL PERCUSSION PROUDLY INTRODUCES A SLAP-TOP CAJON COMFORT DESIGN FOR A MORE UPRIGHT PLAYING STLYE

New in Meinl's extensive cajon assortment is a unique Slap-Top cajon which is a conceptual step up to a new level. It is designed to bring the striking surface up closer to the player for a more upright playing style. The sound projects forward into the audience. High and low tones as well as a snare effect are built in to the sound board.

Materials	Resonating body: Frontplate:	Eco-friendly medium density fibreboard Makah-Burl
Features	Comfortable design Forward sound projection Internal snare wires Wide sound spectrum
